DEPOSITORS TO GET 25 PER CENT

Receiver McCloskey Makes Statement of Marianna Bank Conditions

BOOKS IN GOOD SHAPE

D. M. McCloskey, Esq., of Charleroi receiver for the Farmers & Miners Bank at Marianna, stated Monday that the depositors of the institution would receive a 25 per cent dividend about March 21. Checks are now being prepared. This bank closed following the receivership of the Pittsburg-Buffalo company interests. Attorney McCloskey said that the books of the bank had been found in perfect condition. The final outcome of the bank will be determined by the outcome of the financial embarrassment of the Pittsburg-Buffalo company, which is the principal debtor of the institution. The bank is a state institution and Attorney McCloskey was appointed by the court of Dauphin county. He took charge about September 20.

P. R. R. USING ALL MEANS TO STOP ACCIDENTS

Efficiency reports on the Pennsylvania Railroad in 1913 covered the work of officers as well as the rank and file. A compilation just made shows that during the year more than two million efficiency tests were made to ascertain the observance of train safety rules. Out of this enormous number of tests 99.9 per cent show employes living up to the strict letter of the rules.

This record accounts, probably more than anything else, for the fact that last year the Pennsylvania Railroad carried 111,000,000 passengers without a single one of them being killed in a train accident.

Records for the last year show that exactly 56,929 tests were made in the use of signals and 99.4 per cent. of them indicated perfect observance by employes. Out of 2,795 signals set at caution all but eight of the cases observed were duly obeyed. Sixteen thousand and more tests were made of observance by enginemen of flagman's signals and in only 11 cases did employes fail in their duty. One hundred and thirty-three thousand observations were made on rules for handling explosives and inflammables and 152 infractions were found. Observation was made in 137,175 cases to ascertain whether trains were leaving or arriving at stations ahead of time, and only eighteen derelictions were found.

DR. DIXON PLEADS FOR CLEANLINESS

In Talk on Hygiene and Health State Commissioner Says to Brush Teeth

GIVES GOOD REASONS

The African savages who polish their teeth to ivory whiteness with the chewed end of a stick may be woefully deficient in many ways but in their extemely careful observations of this hygenic rite, they can serve as an example to many civilized people, says Dr. Samuel G. Dixon, state commissioner of health.

The proper care of the teeth is as essential to the well being of the body as is the unceasing vigilance of its sentries to a beleaguered army. The mouth gives access to infection. Unless the teeth are kept clean they will become infected and decay.

Tiny particles of decomposed food remaining between the teeth makes an ideal breeding ground for germs. When this condition exists, these unwholesome little enemies find their way into the blood through which they are circulated into all parts of the body.

This likewise promotes the decay of the teeth, which means the breaking down of an essential part of our physical machinery. The proper mastication of food is an essential to good digestion and broken, illkept incisors, bicuspids and molars do not make satisfactory grinding machines. As a result unfair demands are made upon the digestive system and trouble is apt to ensue.

With dentistry in its present high state of development there can be but one plea advanced for rotting, illkept teeth—carelessness. Begin with the children at an early age and teach them to clean the teeth thoroughly at least twice a day morning and evening. Do not allow the fact that the first teeth will be replaced by others to excuse neglect in the care of the children's teeth. Their present health, the prevention of decay and its accompanying pain and the formation in these early years of the essential habit of cleanliness, makes the care of children's teeth of the utmost importance.

This is equally essential to the health of adults; numerous ailments of a serious nature can be traced directly to bad teet. Then, too there are distinct advantages to be derived from proper care. Think what a cheerful introduction a smile becomes which displays a row of sound teeth. It seems to bespeak cleanliness, healthfulness and self-respect.

BELLE VERNON WOMAN SUDDENLY STRICKEN

Wife of Editor L. M. Truxal of Enterprise Takes Ill While on Way to W. C. T. U. Meeting and Dies in Few Minutes

Seized suddenly with paralysis while on her way to a W. C. T. U. meeting in Belle Vernon, Mrs. Lottie A. Truxal, wife of Editor Lee M. Truxal of the Belle Vernon Enterprise, died just after being removed to her home in Belle Vernon Monday night at 8 o'clock. She was in her 57th year.

Mrs. Truxal left home at about 7:45 o'clock for the home of Dr. Martin, where the W. C. T. U. meeting was to be held. Her husband started out with her to assist her up a pair of steps leading to an upper street. Part way up the steps, Mrs. Truxal felt faint and complained of illness. She remarked that she had better go back home.

Mr. Truxal assisted her a few steps on her return, but she became so ill that he had to leave her sitting on the steps while he hurried for aid. She was rapidly becoming worse when he returned with help, but she was removed to her home. In but a brief space of time she was dead within ten feet of where she was born.

Mrs. Truxal was a prominent woman in Belle Vernon. She served as assistant editor of the Enterprise. She was the daughter of the late Rev. James and Mrs. Davidson, Rev. Davidson being a local Methodist Episcopal minister. Mrs. Truxal was a lifelong member of the Methodist Episcopal church and a consistent communicant in that faith.

In W. C. T. U. circles, Mrs. Truxal was a leader. She was also prominent in affairs of the Ladies of the Maccabees at the time of her death being the lady commander of the Belle Vernon hive. She was affiliated with the Band of Israel and was a member and earnest worker with the Women's Foreign Missionary Society of the Belle Vernon Methodist Episcopal church.

In the immediate family one son, Claude H. Truxal of Chicago and Cleveland, and one daughter, Mrs. Charles M. Harvey of Belle Vernon survive. Also two brothers and four sisters survive. They are: S. T. Davidson of Buffalo, N. Y., Robert H. Davidson of Chicago, Ill., Mrs. C. E. Peck of Glendale, Cal., Mrs. W. R. Jones of Morgantown, W. Va., Lottie V. Davidson and Violet Davidson of Belle Vernon.

Funeral services will be conducted on Thursday afternoon at 2 o'clock with services at the First Methodist Episcopal church, with Rev. J. B. Taylor as the officiating minister. Interment will be in the Belle Vernon cemetery.

RECEPTION FOR FRANK DUNBAR

Ellsworth Man Honored at Farewell Affair---Given Diamond Scarf Pin

F. B. Dunbar formerly superintendent of the Ellsworth Collieries company at Ellsworth was tendered a farewell reception by the Ellsworth Official club of which he was not only a member but also the chief spirit back of its organization.

The esteem in which Mr. Dunbar was held took the material form of a beautiful diamond scarf pin which was presented to him in a most touching manner by W. H. Beck, president of the club on behalf of its members. Mr. Dunbar was so overcome by this manifestation of his former associates, that he could say but a few words in acceptance of this beautiful souvenir of remembrance. Refreshments were served and a general good time closed the evening's program. All present wished him success in his new field as superintendent of the Lackawanna Coal & Coke company at Wehrum, Indiana county, Pa.

SENSATIONAL STORY TO BE PICTURED AT COYLE

The sensational story, "The Laws Decree" will be presented at the Coyle theatre Wednesday with Miss Florence Lawrence, the noted actress in the leading role. In addition to this excellent feature "The Eye of The Government" a fascinating play showing the U. S. custom officers running down smuggiers. The plot which is of tremendous power is cleverly interpreted by Miss Gene Gauntier and Jack Clark.

FILE GENERAL REMONSTRANCES

Monessen People Ask Court To Grant Fewer Licenses This Year

In addition to the remonstrances filed by Wallace H. Rowe, president of the Pittsburg Steel company, asking the Westmoreland county license court to only grant four licenses in Monessen, three general remonstrances asking that the number of licenses be reduced have been filed by Monessen citizens. In addition to these it is understood the Finlanders temperance union will file one containing the names of about 400 people. On January 22 a petition was started to procure signers for a reduction in the number granted but the matter was to be left disretionary with the court.

The anti liquor forces in Monessen are better organized than ever before and while the real issue is to eventually make the town dry, it is believed that the proper way to go about it is to reduce the number of licenses from year to year.

It is stated that the Page Woven Wire Fence company and the Monessen Foundry and Machine company as well as other mills in the town will also file remonstrances against so many licenses being granted in Monessen. Many letters from merchants and business people endorsing the action of the mills have also been filed with the court. License court convenes in Westmoreland county Monday, March 16.

Tomorrow Coyle Theatre Miss Florence Lawrence in "The Laws Decree" in Two Parts. Miss Gene Gauntier in "The Eye of a Government," three parts. Coming Thursday, Hari-Kari, four parts. 202-t1

NEW LODGE ROOMS ABOUT PREPARED

Bank of Charleroi Hall Being Renovated by Charleroi Lodge of Odd Fellows

TO MOVE ABOUT APRIL 1

The Bank of Charleroi hall which a few weeks ago was leased for a period of five years to Charleroi lodge No. 1030 Independent Order of Odd Fellows is rapidly being put in condition for a meeting room and it is believed the hall will be occupied by the first of April. In addition to the Odd Fellows lodge, other orders will use the hall for a meeting room though they will rent the hall from the Odd Fellows.

A partition has been built inside the door that formerly served as the regular entrance door and various cupboards have been constructed for the paraphenalia of the various lodges.

At both ends of the hall have been placed elevated platforms where officers will have their stations. Around the entire hall at the sides and ends elevated platforms have been erected. The latest and most up-to-date kind of floor covering will be laid.

EIGHTY-THREE YEAR OLD MAN DIES MONDAY

Isaac Knestrick, aged 83 years, a lifelong resident of West Bethlehem township, died Monday afternoon at 5:30 o'clock at the home of his brother J. V. Knestrick, near there. He became ill about eight days ago and four days later pneumonia developed causing his death.

Mr. Knestrick was the eldest son of Tobias and Susan Knestrick and was born on the farm where his death occurred, he having resided on it all his life. He was one of a family of eight children, his brother, J. V. Knestrick being the only surviving member. He never married. For a long period of years he had been a member of the Bethlehem Lutheran church.

AUTO GETS IN RUT THEN STRIKES TRUCK

Returning from Pittsburg with Joseph Roth's new six cylinder Chandler auto, Foster Dawson of the Ginsberg-Dawson garage at Monongahela met with a severe accident that was not on the program. Near Carrick the car got in a rut. At this point the road is very narrow and is in a bad condition. A massive auto truck came around a sharp curve and Mr. Dawson was unable to get the car from the rut and it crashed head on into the large truck. The front of the new machine was badly damaged and Mr. Dawson was forced to return to the city.

ELDORA INFANT DIES; FUNERAL ON MONDAY

Eliot Peto, infant son of John and Stella Peto, of Eldora, died Sunday afternoon at 4 o'clock. The funeral services were conducted Monday evening by Rev. John R. Burson, pastor of the Charleroi Washington Avenue Presbyterian church. Interment was in the Monongahela cemetery at 10:30 o'clock Tuesday morning.

RIGID PAROLE FOR VIOLATOR

Tony Costa of Bentleyville Pays $500 But Must Get Out of Liquor Business

MUST LIVE CAREFULLY

Tony Costa for several years engaged as a representative for liquor dealers at Bentleyville, went before the court Monday for sentence, having been convicted of violating the liquor laws. Upon petition and his agreeing to certain conditions imposed upon him he was paroled.

He was required to forthwith pay over to the county $500 and pay the costs of prosecution of the case against him. He also must cease connection with the liquor business of any kind in this county, which shall be interpreted to mean that he shall not be employed or act as agent, solicitor, collector, distributor of circulars or order blanks for any person or corporation engaged in the sale of intoxicating liquors. Further he agrees not to receive or cause to be received by himself or any employe, any order, request or payment for liquor sold, shipped or delivered, or to be sold, shipped or delivered in this county. Neither shall he be concerned in the delivery of any intoxicating liquors at any place in the county, nor be concerned directly or indirectly in the collection of empty packages. In violation of his parole he must pay a fine of $500 and costs and undergo imprisonment in the county jail for three months.

Costa, at the time he was arrested, was acting as a solicitor for the Kittanning Brewing Co., of Kittanning, Armstrong county.

VALLEY MEN TO ATTEND BANQUET AT PITTSBURG

BREAD UPON THE WATERS

The proposition for which petitions are already in circulation that the borough school board take over the operation and maintenance of the public playrounds is a good one, and should meet with the favorable consideration of our citizens. This is as much of a function of our school system as instruction in the other branches, and as essentional to the future well being of the child. For that reason it should become a public duty instead of a private charity.

It is believed that if the proper degree of sentiment is expressed in favor of the proposition that our school board will consider it favorably. The board is composed of progressive men who are anxious to give to the children of Charleroi the best educational training possible, which will best equip them mentally, morally and physically for the duties of life. The petitions should bear at least 500 names in order to express a fair degree of sentiment in favor of the school board taking this new move. If this number of signers is secured the playground proposition will be permanently taken care of and the experse borne by public taxation as it should be.

Money spent judiciously in the maintenance of public playgrounds is like bread cast upon the waters. It will return after many days.

DO WE WANT WAR?

The Meadville Messenger expresses the Mexican situation very succinctly when it says:

"Because a few men from other countries have been killed in Mexico the jingoes are demanding that our government shall send our army down there and kill a few thousands of Mexicans and allow them to kill thousands of our boys to get satisfaction over the few of our subjects who have been killed there in the disrupted condition of the country. The fool doctrine that our government shall send a gunboat or a regiment with every American who sees fit to take his chances in some other country is too preposterous even for a jinge to hold, if he will give the matter a moment's honest thought. Our country ought to be large enough to furnish opportunities for any one; but if not, the one who desires to take his chances under the protection of another government should take them without having them guaranteed by the government he has abandoned."

Is there any property interest of private individuals or corporations that are worth while to involve this country in war? Is it worth while to kill ten or twenty thousand vigorous young Americans just because some adventurous American took a business chance in a foreign country that came to grief because of lack of governmental stability in the country where the chance was taken" In the ages past untold thousands of men have given up their lives on battle fields just to preserve or defend the individual or property rights of the few. In this age of altruism does this country want to sacrifice men for dollars" That is what intervention in Mexico means.

PICKED UP IN PASSING

Sid Wilson of the New Eagle News which is published in the new borough of New Eagle, is somewhat given to writing in parables. In a recent issue of the news he has the following:

"Makis Snodgrass was hauling a load of apples through town last week, and a wind-broken mule named 'Snort' was pulling the load, and refused to move another foot. Makis was angry and the onlockers helped matters along by yelling at 'Snort' to git up, when an old German peddled approached, and remarked that he would 'bacht de dam ding to go.' He held in his hand a syringe from which he gave 'Snort' an injection, and away he went as hard and fast as a circuit racer. Makis Snodgrass eyed the German for a minute and remarked,

"'Say, Dutchy, do that dang stuff cost much?'

"'Nine, nine, friend, it is sheep.'

"'Well, then yer hed better give me a dose cause I'se got to ketch thet darn mule.'

"Now, we suggest that some of our councilmen look up the German and have him inject a few doses in some sensitive part of their anatomy and see if the taxpayers will get any good results in the way of borough improvements."

Another traveler's yarn is about a young southerner from the interior of Tennessee who hit New York on his first trip recently. He was a fastidious young man, just out of school, and unused to the seamy side of life. In his business rounds he became belated the second day after his arrival until long after lunch hour, and dropped into a quick lunch joint for the first time in his experience to get a bite to eat.

A tumbler of muddy water was thumped before him by the young woman on the other side of the counter.

"What's yours?"

"Coffee and rolls, my girl."

One of these iron heavy quarter inch thick mugs of coffee was pushed over the counter The fastidious person seemed dazed. He looked under the mug and over it.

"But where is the saucer?" he queried.

"We don't give no saucers here. If we did some low brow'd come pilin' in an' drink out of his saucer, an' we'd lose a lot of our swellest trade."

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

Another Wedge in the Capitalist System

A municipality of Chicago is planning a chain of publicly owned stores through which it intends to sell goods to the needy unemployed at cost. We wonder why if municipal stores are good for the unemployed and if they reduce the cost of living so that the unemployed man can live, they are not good for all the people.

Charleroi has had its publicly owned store for many years, and none of us has been taxed unwillingly for its establishment. It sells goods not only to the needy unemployed, but to all the people. The Co-Operative Store has reduced the cost of living to such an extent that many commodities are sold at retail today as cheap as the small retailer can buy from the wholesalers.

Charleroi is well ahead of our western metropolis—The Co-Operative Way.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't want you to spend more than you have to. Some of you get small wages and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one and to stop it in the beginning will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy, when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains Hypo-phosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. PPleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores and in this town only by us. $1.00—Carrolls Drug Store, Fallowfield avenue.

LOCAL DRUGGIST HIGHLY HONORED

Owing to the special influence brought to bear on Lieut Ballard by certain prominent local citizens Piper's Pharmacy, corner Fifth and Fallowfield avenue, have been appointed exclusive agents for Vin Hepatica, the famous Cassamiro remedy for all catarrhal affections.

This is a distinct honor as this popular drug store is the first to receive this agency outside of those in the very largest cities. The merit of Vin Hepatica has been proven beyond all manner of doubt by the successful tests that have been made on cases who suffered from catarrh and its kindred affections, the varied symptoms of which, including bad breath, dropping of mucous in the throat, indigestion, constipation, headache, backache, nervousness and noises in the ears.

W.B. CORSETS

give the figure an uncorseted effect, with grace and suppleness, and fashionable "straight lines."

We recommend W. B. Nuform Corsets because of their superior quality, and because they give absolute satisfaction. Comfortable from the very first, they retain their shapeliness until ready to discard them -- made with lines which follow the modeling of the figure, and at bust and hips the corsets fits firmly without strain or pressure --a correct model for every figure

PRICE ONE DOLLAR UP

Built on absolute hygenic principles with ample diaphragm-lines they show the correct "wide-waist" effect, while confining the hip into graceful, smooth, straight lines.

A perfectly Normal Form is thus attained, eliminating all pressure from the anatomy which should be free and unconfined. The beautiful Natural Figure-lines are brought into prominence, giving the Correct Poise of the present fashion, yet not disregarding the feeling of support; one of the main requirements of a properly constructed corset.

KNIGHTS WILL HAVE BIG DANCE

Local Catholic and non-Catholic society circles are much interested in the annual charity ball to be given under the auspices of the Pittsburg Chapter, Knights of Columbus at the Exposition hall April 22. The receipts will be donated to well known charitable institutions. J. Rogers Flannery is general chairman of the arrangements committee. Monessen council is represented by John E. McElroy who is on the cards and euchre committee and A. A. Currie on the reception committee. P. B. Hensler, Sr., is the Charleroi representative. It is expected that a number of Charleroi people will attend the ball.

HIGH TIDE OF WAR IN FRANCE

Old Files of a Paris Newspaper Contain an Appeal to Patriotism of the Citizens.

Our frontiers are threatened! Implacable enemies, whose ranks have been swelled by treason, wish to invade the French territory.

The war, lighted in Europe by the influence of England, cannot be subjected to the common calculations of policy. The question is not partial concessions of territory, it is the north precipitating itself on the south.

France is the great obstacle to the success of the northern nations. Our country has always been the bulwark of civilization and an object of jealousy to the other powers, because it is also the country of the arts, the center of improvements and the model for nations in everything which is great and glorious.

Our public monuments, the chefs d'oeuvre of arts, immortal trophies of our victories, each part of our native land so favored by nature, all that is French, is under the safeguard of all. From Mayence to Perpignan, from Brest to Toulon, from the Alps to the Pyrenees, every citizen will be ready to fly to the assistance of his country.

Our enemies have forgotten that France is the land of the brave and the country of honor; they have forgotten that at the voice of the country menaced, there is no Frenchman who does not know what is his duty, or is unready to fulfill it. They imagine that we will quietly wait their undisciplined cohorts; but their expectation will be deceived.—Journal de Paris of 1813.

CAN MAKE HOME IN TROPICS

Official of Department of Agriculture Thinks Dominant Races Have a Duty There.

Preparing the white man for his coming occupation of the tropics by teaching him how to live there is the substance of a suggestion made to the Pan-American Union by Prof. Nathan A. Cobb of the department of agriculture. The establishment on the Panama canal zone of an international bureau of research is the recommendation he makes. He would have this bureau make a careful scientific study of how the white man will have to adapt himself to conditions, food, climate, etc., so that he may inhabit the tropics, and work there without injury to his health.

The present sporadic and scattered study being made along this line Professor Cobb does not consider of much value. It should be on a broad scale, and comprehensive, he says taking up the whole field. Because of the wonderful possibilities of production in the tropics, Professor Cobb says he has no doubt but that the white man must go in and live there and make the yields greater than they are at present. He holds that proper study will give the information needed to make the tropics not only possible for a happy and healthful home for the white man.

Court Green Sacred.

A West Virginia county judge in Keatley vs. County Court says:

"In the Virginias, as elsewhere, the court green is historic and sacred. Upon it generations gone have met from all parts of the county in social and friendly intercourse. A great place for the communion of the people. Upon its green grass, under the shade of its trees, our people have thus met time out of mind and rested during the sessions of the courts. Suitors, jurors, witnesses, instead of being tied down to benches in the hot, crowded courtroom, repair there to await the crier's call. There, too, the children play. It is a park for the poor who have not the rich man's lawn. And where shall be held in the hot summer those great meetings of the people in the political canvass to hear the orators? How valuable within the experience of all of us is the courthouse ground for this important purpose. Away goes the old court green. Commerce is taking even it away."

EX-COUNCILMAN WILL RETURN TO CHARLEROI

Former Councilman Charles Schmeiler, who has been in business in Tarentum, has purchased the building at 333 Fallowfield avenue, where he formerly had a meat market, and will return to Charleroi to live. However he will not conduct the meat market. It will be conducted by Fritz Hiler and Henry Braun and they will take formal charge April 15.

Hill and Kammerer purchased the meat market from Mr. Schmeiler a few years ago and have been operating it ever since. Mr. Schmeiler has been engaged in the wholesale trade in Tarentum.

MONESSEN MAN BADLY INJURED IN STEEL MILL

A H. McCormick of Monessen, is in the Charleroi-Monessen hospital, suffering from terrible injuries he received while at work in the blooming mill of the Pittsburg Steel plant at Monessen Monday afternoon. Both legs were crushed from the knees to the hips. It is thought the man will recover.

STATISTICS FROM ASYLUM ARE GIVEN

The annual report of the managers of the Allegheny County Workhouse and Inebriate Asylum, made public this week shows that of the 3,798 prisoners received, one was a doctor, one a student, one an organgrinder, two actors, four sailors and 1,155 laborers. Of the total 3,412 were men, and 386 women. About 90 per cent of the prisoners used alcoholic drinks only 316 being total abstainers, according to the report. Supt A. H. Leslie reports 500 of the prisoners were habitual drunkards, 1,619 occasional inebriates and 1,263 temperate drinkers. More prisoners were received during the cold months than at any other season, December leading with 407 committments, according to the report.

MONONGAHELA TO OPEN BASEBALL SEASON APRIL 25

Monongahela expects to open the season, April 25 when the local team will cross bats with the Pittsburg Independents. There will be a parade headed by a brass band and Mayor L. C. Isler will make a short talk at Bryan park and will pitch the first ball.
